Sacramento Child Advocates First Annual Fund Drive

Small Change, Big Impact

Help us celebrate our past and embrace our future with your 2008 – 2009 Annual Fund gift.

Today we look to the future and are secure in the knowledge that what we have accomplished over the last 15 years in support of helping those most vulnerable in our society, dependent children, will continue as a vital component in Sacramento County; we celebrate our beginning and our successes. We look to you as part of our future in providing the much needed flexible funding necessary to operate our agency and continue this legacy of life.

Gifts to SCA's Annual Fund provide our agency with a source of flexible funds to respond to the ever growing needs of abused and neglected children in our society. Opportunities and initiatives that enrich our children, in addition to our legal advocacy, are vital to provide the much needed services that can enrich the children we serve.

The best part is, it doesn't take a huge donation to have a big impact. When taken together, gifts to SCA's Annual Fund, whether \$25 or \$25,000, comprise one of SCA's most significant sources of support. And because Annual Fund gifts are typically unrestricted, they can be directed to areas with the greatest need – and the greatest potential for impact.

Sacramento Child Advocates (SCA) was established in 1991 by Judge Roger K. Warren a trial court judge. It was founded primarily to address the longstanding concern that children who have been removed from their homes need and should have direct legal representation. Affirming this need, the Superior Court of Sacramento established an MOU, making SCA *the* designated court-appointed legal counsel for every child who enters the system in Sacramento County.

Please help us to continue our efforts on behalf of these children.

Every gift matters. Make yours today.

Warm Regards,

Katie Walker
